The 2019 Program

Club Football Philosophy - Playing Style Statement

*“Magpies Crusaders United is a club built with the foundations set of **scoring more goals** than the opponent through using the ball **effectively** and **constructively**.”*

*Our teams will look to be in **positive** positions at all times, which allows us to use the ball **effectively**, play through the lines and put the ball in to **goal scoring areas** to get the desired outcome. We will be **aggressive** in all match moments with and without the ball when possible. When without the ball we will apply **high collective pressure** and **protect** our goal as a **unit**.”*

*Individual players will also learn to develop a **strong competitive mindset** and **resilience**, combined with **technical skill sets** and **game intelligence**, which will allow our players to execute the required actions when needed.”*
